TRINITY NEWS

MRS MANNING'S MESSAGE

Dear parents and carers,

Welcome to the first newsletter of this school year! We have only been back 8 days and I could fill pages with all of the activities, new experiences and learning the children have been engaged in.

Morning drop off:

It's wonderful to see the children so eager to come into school in the mornings and our youngest children have started school so well, leaving their parents and carers from the gate. Can I just remind parents not to come onto the playground in the mornings, there are plenty of staff to help if your child is feeling unsettled and if you need to go to the front reception, then please walk around the school.

Barricombe drive:

Please use The Range carpark for drop off and pick up times. I have received an email today from a resident, as their drive is being blocked by cars waiting to pick up children. We are a community school and need to ensure we respect the private property of the residents surrounding us.

ATTENDANCE

EYFS	98%
Year 1	98%
Year 2	99%
Year 3	95%
Year 4	98%
Year 5	98%
Year 6	98%
Whole school	97%

HOUSE POINTS

Raglan 816

Ludlow 705

Chepstow 669

Goodrich 730

NEWS AND UPDATES:

We are so proud of the new reception children who are settling into school really well. They have spent time getting to know the routines, learning their way around school and meeting lots of new faces. They have now completed their first week in school and they have been amazing at following the golden rules and demonstrating our HEART values. We are excited that they are part of TEAM Trinity 😊

TRINITY NEWS

NEWS AND UPDATES:

This term, we have introduced reading assemblies in which adults introduce authors and extracts to pupils to inspire a love of reading. First, Mr Richardson introduced some classic Enid Blyton, with the Faraway Tree series and The famous Five. The children were amazed that these stories were written almost 100 years ago! In fact, they are so old that you can read them all for free at <https://www.fadedpage.com/csearch.php?author=Blyton,%20Enid>

Then Miss Booton introduced Michael Morpurgo, with Six Animal Adventures and The Butterfly Lion. Take a look to see if you can find a copy in the library on Friar's Street while the transformation of the Broad Street building is taking place. We look forward to seeing what next week's reading assembly has in store!

NEWS AND UPDATES:

Our Year 2s have been 'apprentice gardeners' in science, identifying a variety of seeds and observing how their seeds grow.

Year one have been having lots of fun in our new outdoor area. We have been cooking in the mud kitchen, inventing in the junk yard, splashing in water and creating in the sand. We cannot wait to use this space throughout the year.

Many Year 6 children completed their Level 1 training in Bikeability during the first week. This playground-based training programme prepares the children for their Level 2 training which will start towards the end of September. Lead trainer, Steve, was really impressed with the focus and positive attitude of the children.
