I can tell you about my first impressions of someone. I can also give a reason why sometimes people don't tell about a bullying situation.		I can tell you a time when my first impression of someone changed as I got to know them. I can also explain why bullying might be difficult to spot and what to do about it if I'm not sure.		I can explain how first impressions can be misleading. I can also appraise different courses of action that a witness of bullying could take and what the outcomes might be in each situation.	
I can say why it is good to try to get to know someone before making judgements about them.		I can explain why it is good to accept myself and others for who we are.		I can explain how I form opinions about myself and other people and what might influence me about that.
