MRS MANNING'S MESSAGE

Dear parents & carers,

Welcome back to the second half of the summer term. I hope you all enjoyed a restful half-term break and were able to spend some quality time with family and friends.

It has already been an incredibly busy week in school, with our classrooms full of engagement, enthusiasm and learning. The children have returned ready to learn and have quickly settled back into their routines.

Sports Day preparations are well underway across the school, with children practising their races and field events in readiness for what promises to be another fantastic celebration of teamwork, determination and sporting achievement.

Year 2 have been particularly excited this week following a wonderful half-term surprise. During the break, some of the butterflies they had been carefully nurturing emerged from their chrysalises. The children thoroughly enjoyed observing these amazing creatures before watching them take flight and begin their journey in our Forest School area. It has been a fantastic opportunity to bring their learning about life cycles to life.

NEWS AND UPDATES: EYFS

EYFS have started their 'Our Wonderful World' topic by immersing themselves in the story 'The Three Little Pigs'. Having listened to the story they used their imaginations to design and draw a house for the pigs. They then used their phonic knowledge to write secret codes and sentences to stop the wolf getting in.

NEWS AND UPDATES: OPAL

This week, we have been excited to try out our new tree swings at OPAL lunchtimes and children have, as ever worked with us to provide risk assessments and problem solve together. We have also worked together to keep our site tidy at the end of lunchtimes, and Winnie from Y3 was awarded the Golden Welly for her Team Trinity attitude and fantastic commitment to keeping her play areas tidy - well done!

We look forward to sharing the OPAL magic with families and friend next Thursday afternoon - make sure you are prepared for all weathers and [sign up here](#) if you haven't done so already.

NEWS AND UPDATES:

Year 4 had an amazing adventure at the Waterworks Museum in Hereford! Throughout the day, the children learnt all about the water cycle, how Welsh Water cleans and delivers fresh water to our homes and how to stay safe around reservoirs. Armed with clipboards and plenty of enthusiasm, they took part in an exciting scavenger hunt, exploring the museum and uncovering fascinating facts along the way. The highlight for many was pond dipping, where the children eagerly searched for and identified a variety of fascinating creatures living beneath the water. It was a fantastic day full of discovery, exploration and hands-on learning!

The NEST Gardening Area: Kestrels have been enjoying setting up our new gardening area over the past few weeks. They have weeded the area, helped to make new planters out of old tyres, planted some seeds, and watered the area consistently. A big thank you to Asda for the donations of some bags of compost and lots of packets of seeds. The area has really started to bloom in the last two weeks.
